### OBJECTIVE

Highly skilled and motivated web developer with expertise in HTML, CSS, Tailwind CSS, and Bootstrap, along with proficiency in JavaScript and React. Committed to delivering outstanding web experiences and continually expanding my skillset to stay at the forefront of web development trends.

### WORK EXPERIENCE

#### WEB Design & Development

2023 – Present

**UY LAB** *dhaka,bangladesh*

Collaborated with a team of developers to create responsive and visually appealing websites using HTML, CSS, and JavaScript. - Utilized Tailwind CSS and Bootstrap to streamline the front-end development process, resulting in improved code efficiency and faster project completion. - Assisted in implementing user interfaces and dynamic functionalities using React , contributing to enhanced user experiences. ensuring adherence to design specifications and responsive design principles. - Leveraged HTML, CSS, and JavaScript to create custom website solutions tailored to each client's unique needs. - Provided basic graphic design services using Figma, Canva, Adobe Photoshop, and Adobe Illustrator, enhancing the visual appeal of websites.

#### WEB Design & Development

##### Projects demos

**Wellness event managment Website** <https://assignment-event-managment.web.app>  
Created a responsive website using HTML, CSS,tailwind, JavaScript, and firebase allowing users to browse and purchase products. - Integrated a mongoDB.
